-

Declaration

NOVERA Technologies s.r.o. declares that products forming the **NOVERA SYSTEM** are suitable for use in interior environments when applied in accordance with technical documentation.

The products:

- are water-based and low-emission after curing;
- do not negatively affect indoor air quality;
- are suitable for use in residential buildings, offices, schools, hospitals and public facilities;
- do not emit unpleasant odours after curing;
- support a healthy and stable indoor environment.

NOVERA Interior is specifically designed for continuous indoor use and contributes to improved surface temperature stability and moisture control.
